

## **Welcome to Hematological Research - Study Design and Method Selection**

**PhD Programme:** Clinical Science, Laboratory and Translational Medicine (CSLTM)

<https://phd.moodle.aau.dk/course/view.php?id=2617>

### **Description:**

A 2-day residential course, with encouragement to subsequently participate in the Danish Hematological Society's annual meeting (DHS årsmøde 2025). (Please note separate registration with DHS). The course will include a workshop where participants will work in groups on study plans and designs to address various research questions within hematology. The research question will be relevant clinical problems. Participants will be asked to design studies to clarify the clinical issues This includes proposing methodological choices, hypothesis formulation, and objectives as well as suggestions for analysis plans.

The PhD course will also include the presentation of each participant's own PhD program, with discussion/feedback from teachers and fellow students

### **Prerequisites:**

PhD students with basic knowledge on Hematology.

### **Organizer:**

Professor Marianne Tang Severinsen, Aalborg University

### **Lecturers:**

The course format will alternate between lectures/presentations, group work, and individual presentations.

**ECTS:** 1.0

**Time:** 09.00-21.00 March 6, 08.00- 12.00 March 7

**Place:** TRINITY HOTEL & KONFERENCE CENTER A/S, Gl. Færgevej 30, Snoghøj - DK-7000 Fredericia

**Zip code:** 7000

**City:** Fredericia

**Maximal number of participants:** 20

**Deadline:** 13 February 2025

**Fee:** Please note that you will be charged **a fee of DKK 1,900** for attending the course. Details will follow.

**Important information concerning PhD courses:**

There is a no-show fee of DKK 3,000 for each course where the student does not show up. Cancellations are accepted no later than 2 weeks before the start of the course. Registered illness is of course an acceptable reason for not showing up on those days. Furthermore, all courses open for registration approximately four months before start of the course.

We cannot ensure any seats before the deadline for enrolment, all participants will be informed after the deadline, approximately 3 weeks before the start of the course.

To attend courses at the Doctoral School in Medicine, Biomedical Science and Technology you must be enrolled as a PhD student.

For inquiries regarding registration, cancellation or waiting list, please contact the PhD administration at [aauphd@adm.aau.dk](mailto:aauphd@adm.aau.dk). When contacting us please state the course title and course period. Thank you.
